Brett is an invaluable addition to any marketing team as he works passionately to both increase trade show marketing impact and decrease trade show costs. You will not find a more dedicated, focused, harder working or more creative problem solver. Brett comes in with several plans and does the background work to make whichever route you choose work the best for you. He effectively leads a carefully chosen and skilled team so that you don't have to. He fills in for your staff wherever they leave off. Brett is one of the few people that can really, consistently, save you more money than you pay for him and his team. I have worked with Brett for more than ten years and plan to again in the future. I whole heartedly recommend his services to anyone that wants to work with the best
